Restaurants, Cafes, Take Away, Attractions, Businesses and Workshops Galleries, Workshops - Art and Crafts, Spa Complexes and Treatments, Therapists and Workshops.

General attractions in Amirim - For those who think musically, in the summer months and at festivals we hold outdoor concerts in front of the breathtaking views of the Sea of Galilee at sunset. At Amirim, intellectuality is also treated - we hold a variety of lectures on various topics to which our guests are invited. Kfar Amirim participates and is a big believer in many festivals that take place in the area, among them: the Olive Festival, the Vineyard Festival, the Dance Festival in Karmiel, the Klizmer Festival in Safed and many others. During these festivals and as part of her participation, Amirim holds workshops, concerts, walking tours and lectures on the subject.
